RESPONSE TO ELECTION OF SPECIES REQUIREMENT

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Sir:

Applicants elect Species II (related to Fig. 4 and embodiment 2) in response to the Restriction Requirement of April 9, 2009. Claims 1-14 read on the elected species.

Applicants note that page 4 of the Office Action indicates that Species I (Fig. 1) corresponds to claims 1-7 and Species II (Fig. 4) corresponds to claims 8-14. Applicants respectfully note they believe claims 1-7 read on both Species I and II. That is, the power supply system of Fig. 4 includes first detector 21, second detector 22, differentiator 24 and anomaly determiner 25, which also are seen in Fig. 1. While Fig. 4 includes additional elements, this does not prevent claims 1-7 from at least being generic to the species of Fig. 4.
